“ *My wife and I met Bev and Stan while he and I worked and taught together. She was always such a beautiful soul and a pillar of strength for us all. While we never could spend as much time as we would have loved to do, we know Bev will be with family and friends until we are reunited some day. She will be deeeeply missed until then....Our prayers go out to her extended family and for Stan's stregnth in these trying days. May she be watching over all of us!*

“ *My family and I met Bev and Stan back in 1985, as next door neighbors in Apple Valley, Minnesota. Many fun times including rounds of Pictionary, when we laughed so hard at our “art.” I told myself then that these were the type of friends to stay in touch with over the years and moves. And we did. So sorry to hear of Bev’s passing at so young an age. Condolences to my friend Stan and to Bev’s entire extended family.*

“ Our hearts are with you as you face the world without Bev. She was such a wonderful person. We got to know her when she visited Indiana, and we learned that she loved jokes, riddles, and life. Then as she got older, she was the one to hold the cousins together with Uncle Early's display in the museum, to helping get everyone together for the last reunion. Bev will be missed greatly.
