“ Bowman Family, Butch and Harry Gene Harris were best friends in high school at MHS in the sixtys. They took trips to many places especially during school days when they were supposed to be in school but weren't. The grand trip was to Mammoth Cave Ky and to Rickman High School spinning gravels right in front of the principal. Another escapade was punching the button on a coke machine without money and the coke would come out. They did this until they emptied the machine. That time they got a little visit from George Stamps. The good old days that are gone but not forgotten. Harry Gene is sorry he can't be there for the service today because he is in Nashville Cenntennial Hospital. He had open heart this past Tues. He will forever love Butch! Our prayers and thoughts are with you all. Harry Gene, Emily, and Nathan Harris
