“ *I have a lot of good memories with Danny. We worked in hay together, horseback riding, keep riding, and just sitting around under a shade tree talking. He was one of the best electricians without a doubt and an even better friend.*

*Love and prayers to the family, Tim and Cindy Henry.*

“ I met Danny and Charlene in December 2019 when my daughter, Anjela and I started helping her Dad, Mitch, full-time with his health, and his house.

*Both Charlene and Danny have helped us in so many ways from then until now. We are heartbroken that we have lost one of our best neighbors and friends.*

*When Mitch's health and mobility deteriorated, Danny was there immediately if I needed help to move Mitch. He checked on Mitch when I thought Mitch fell and I wasn't there. He called the rescue squad. He stayed with Mitch until the rescue squad arrived. He was there when Mitch came home from Signature Health care. Danny arrived early that day, so all hospital equipment was ready for Mitch. He helped one of the private nurses with her car when it would not start.*

*After Mitch died, Charlene and Danny checked on me as I worked around the house. They checked on the house when I wasn't there.*

*Danny came over with his tractor and front end loader several times to move stones, large tree branches, and toolboxes. He helped jump start one of Mitch's Trucks. Assessed the lawn mower and made recommendations for servicing. Checked for wild hog activity. He made me laugh with stories about Jim, Gerry, Mitch, Lakeland, the Jeep Club and adventures with all his friends.*

*Then, Charlene and Danny helped Anjela and I close out Mitch's estate, and make the best decisions for the future. They have been good neighbors and friends to the Lusk Family for 40 years now.*

*I will always remember how much Danny helped me when I needed so much help the most. These memories give me so much comfort and peace and I will forever cherish his friendship.*
