“ *Denise was the core of my High School memories. She took me under her wing when she was a popular kid and I was a nerd. She never once made me feel like the nerdy kid I really was. She introduced me to roller skating, and going to A street skating every Friday and Saturday night with her was the absolute highlight of those years. I've passed that legacy of skating on to my kids and grandkids. Thank you Denise for so many wonderful memories. Denise was also in my wedding, first thing I did when I heard she'd gone on to the Lord was drag out that photo album. She was so beautiful.*

To all the Briggs', my sincere condolences. From Barbara Wisniewski (Locke).

I feel blessed to have spent this past year of my sister's life with her. She loved being here in Tennessee with the beautiful scenery and amazingly kind people. She would spend much of her time out on our back patio, listening to her Christian music, soaking in the sun and beautiful woods. She loved the serenity and tranquility of our surroundings. And the joy on her face during our road trips as we explored the South would warm my heart. She was a beautiful person, inside and out, and her unexpected departure left a hole in my heart. But I know she is in a better place now and I look forward to seeing her again one day. RIP Mouse, I miss you.
