“ *Mr. Klaes was in my care for quite a while. In the beginning of my care of him, he came across as being very stern, very particular of his home and especially his little companion, Sophie, his precious little dog.*

He loved his Son and his family very much, loved to see them every time they visited. He would tell me about his days in the Navy, his family, and lets not forget his fishing days with his buddies.

Every one grew to love him, as they spent more time with him, as did I. He was a God-fearing man, someone you could look up to.

My heart and prayers go out to his family during the loss of this great man. I am a better person for having the privilege to get to know him and his wonderful family.
