“ Darrell and Lisa your Mom was such a large part of my childhood that many times she was much like having a second Mom to me and I love her dearly, she helped me through losing my Mom and I can't help but think that their together again now like 2 peas in a pod as they use to be but now their in a much happier place and they're suffering no more. I pray for God to help ease the pain and sadness in your hearts . Life has a way of keeping us so busy working and trying to survive that I never got to visit her much , we use to reminisce about old times when my Mom was still around and your grandparents and my Moms parents..... Now I'm certain they're all together and awaiting the rest of us.

Love from Maxine's daughter Linda.
