“ *This breaks my heart. Luanna and I were classmates at MHS. Although we went our separate ways after graduation, we were close friends during our school years and shared many precious memories. Whenever we did see each other over the years, it was always a fun time with laughter and love! I will miss her! Prayers for you all!*

“ *Luanna and I have been friends since the 70's. We met working together for the Cumberland Clinic Foundation, she was a lab technologist and I began as a medical secretary. Our office was one of family, the physicians, nurses, lab personnel and business office staff truly cared for each other. We were entwined with each others children and their lives. I still think about that time with such fond memories. Unfortunately thru the years we didn't see each other like we once did and then the unthinkable happened and she became a patient at Dr. Dirk Davidson's office. Once again there I was and we picked up right where we left off. She was one funny character and kept us all in stitches. Up until the end I know our office staff, nurses, and physicians worked to create an environment for hope and healing. We all will miss our dear friend but again I'm extremely thankful that she is once again free from the bondage of her diseases. Love you dear friend and I'll be seeing you.*

“ Luanna was a big part of my life during our growing up years and even in our adult life. She was closer than most sisters could be. We shared many adventures as teen agers and as young adults. Even tho we had not communicated much in the last few years, she was the person you could pick right up with just like you saw her yesterday. This is a tragic loss but still a joy knowing her spirit will be with God forever. I will miss her greatly. Until we can meet again Luanna, I love you girl. Gail Parker.

“ I am just hearing about Luanna. I am so very sorry. Even though we didn't see each other often, we could always pick up a conversation about our families or the good ole days. I just read a text we had written each other months ago about meeting at the Dairy Queen when things were back to normal. I sure enjoyed that day with her and a friend when we met there a year and half ago. We laughed and reminisced. Luanna was a beautiful person full of personality. Luanna, I love you precious friend....
