*I have many memories of Richie. I thought of him often through the years. He was a good friend. I remember when he got his job with Ford Motor Glass. We were dating back then, so I would drive to Kingsport and visit him. One weekend he took me on a tour of the plant, to show me what he did. He was so proud, happy and excited. I was hopeful that our relationship would have grown back then, but with his new career and me living in Monterey, working and going to school, it just didn't work out that way. And it was ok, we stayed friends and would talk from time to time. He got married and I got married, but Richie always had a place in my heart. I am saddened to hear of his passing. To his family and friends my thoughts are with you all during this difficult time.*
